# Work Experience

- With three years of experience in web development, I have cultivated a deep understanding and proficiency in HTML, CSS, JavaScript, React, WordPress, and Shopify. My journey in web development has been marked by continuous learning, exploration, and refinement of skills.

- JavaScript has been my go-to tool for adding interactivity and dynamic functionalities to websites.

- Overall, my three years of experience in web development have equipped me with the knowledge, skills, and expertise to tackle diverse challenges and deliver high-quality solutions that exceed client expectations  I am passionate about staying abreast of emerging technologies and best practices, ensuring that I remain at the forefront of the ever-evolving field of web development.
